**FLOWER MOUND RANKS 7TH
AMONG MOST TECHNOLOGY-AD-
VANCED CITIES**

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. BURGESS. Mr. Speaker, it is my great honor to recognize Flower Mound, TX, for being acknowledged as the 7th most technology-advanced city with a population of 30,000 to 74,999, by the Center for Digital Government. The ranking was based on the 2004 Digital Cities Survey that examines how city governments are using digital technology to become more efficient and communicate with residents.

The survey and ranking determined by the Center asked more than 600 mayors, managers and chief information officers to participate asking 24 questions focusing on implementation, adoption of online service delivery, planning and governance, and the network that allows cities to make the move to digital government.

Flower Mound plans to continue on its track of providing excellent government services electronically by installing a new data delivery system; implementing a voiceover internet tool; and adding mobile computer systems into the Flower Mound Police Department squad cars. All of these improvements show an amazing commitment to the future of technology and government.

I am proud to say that I am a resident of Flower Mound, and I would like to offer my congratulations to the Town of Flower Mound, Chief Information Officer Dustin Malcolm and Mayor Jody Smith.

**ORGANIC FARMING IS ALIVE AND
THRIVING IN VERMONT**

HON. BERNARD SANDERS

OF VERMONT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. SANDERS. Mr. Speaker, I want to bring to the attention of this body, and the Nation, the wonderful work that has been done by the Northeast Organic Farming Association (NOFA), and in particular the wonderful work its affiliate does in Vermont.

In a time when the family farm is under great destructive pressures, in a time when agribusiness blindly ignores the potential for damage that accompanies chemical pesticides and GMOs, in a time when corporate agriculture ignores the need to sustain and replenish the soil that sustains life, there are those who fight to maintain a good, healthy, ongoing source of food for all of us.

NOFA Vermont has been fighting, and continues to fight, for family farms, for responsible husbandry of the soil, for a secure and healthful food supply.

NOFA Vermont has been in existence for over 30 years, and is one of the oldest organic

farming associations in the entire United States. The Vermont chapter, one of seven state chapters in the northeastern region of the United States, currently has over 1,000 members. It has been a sustaining force for the 333 certified organic growers and producers in our New England state. They sell their produce and products in 52 farmers markets in Vermont, to local groceries and food stores, to grocery chains operating in Vermont, and indeed to distributors nationwide. In an especially noteworthy development, they have forged new relations with local buyers, and new distribution networks, through the formation of 42 Community Supported Agriculture (CSA) farms which provide food directly to consumers on an ongoing and regular basis.

NOFA Vermont's dual commitment is to local agriculture and to organic agriculture. It strives to be a steward of the soil, a preserver of the ongoing vitality of the environment, a proponent for healthy and nutritious foods. Through education, organic certification and technical assistance it strengthens the agricultural community in Vermont. Through its efforts to sustain community food security, and to promote both the marketing of organic products and the development of new markets, like the farmers markets and CSAs I mentioned a few minutes ago, it builds a stronger presence for healthful foods in Vermont.

It is important that we take time to recognize the individuals and organizations which not only nourish—in every way—our present, but look forward with vision to creating a strong and sustainable world for our grandchildren and great-grandchildren. NOFA Vermont, and its hundreds of members, nourish us and show us the shape of a vital, vibrant and human-centered future.

**HONORING PACIFIC NORTHWEST
NATIONAL LABORATORY**

HON. DOC HASTINGS

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. HASTINGS of Washington. Mr. Speaker, on January 4, 1965, Battelle was selected by the federal government to manage and operate what was then called the Hanford Laboratories, and is now called the Pacific Northwest National Laboratory. I congratulate PNNL as it celebrates its 40th anniversary. PNNL is a unique asset to my congressional district, to Washington State, to the Pacific Northwest and to the entire nation.

In 1965, Battelle committed to create a robust research operation in the State of Washington. It has absolutely delivered on its commitment. In the last 40 years, the number of staff at the lab has tripled, and business has increased from \$20 million in 1965 to more than \$600 million in 2004. As a leader in innovation, PNNL is an enduring asset in the Tri-Cities with many spinoff companies and technologies. As such, the laboratory continues to build collaborations with the region's colleges and universities and other scientific enterprises.

With major contributions to national science and technology programs, especially in recent

years on homeland and national security, the Pacific Northwest National Laboratory is a valuable national asset and a vital part of regional efforts to create better jobs and strengthen our economy.

Since 1965, Battelle has contributed more than \$13 million to not-for-profit organizations in the region. Battelle has also invested more than \$125 million in facilities and equipment at its campus in Richland. And as testimony to its excellent stewardship of the lab, PNNL continues to receive "Outstanding" ratings for management of the lab by the Department of Energy. It recently received its seventh consecutive Outstanding rating.

As we look back on this exceptional record, we can also look forward with anticipation to Battelle's continued leadership at PNNL. With the world class staff and resources at the lab, and Battelle's excellent management, there is no limit to what can be done.

Mr. Speaker, I would like to close by sharing the strong feelings that all of us have in the Tri-Cities and the State of Washington—Battelle is a great employer, a great corporate citizen, and we look forward to many more years of its presence and commitment to a better Washington, a prosperous Pacific Northwest, and a safer world.

**CONGRATULATIONS TO COACH G.A.
MOORE ON RETIRING AS TEXAS'
ALL-TIME MOST WINNING COACH**

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. BURGESS. Mr. Speaker, I rise today to congratulate Coach G.A. Moore, Texas' all-time winningest high school football coach, on his retirement.

Coach Moore won over 412 victories and 8 state championships in 42 seasons. Moore coached 39 of his 42 seasons at two places, Pilot Point, Texas, in my district and his alma mater, and in Celina, Texas. Mr. Moore also ranks an impressive 3rd on the nation's all-time wins list, and most recently led Pilot Point to an 8–3 record this season.

I congratulate Dr. Boothe for his lasting dedication to the honored Texas tradition of high school football. Best wishes to Coach Moore on his retirement.

**JUSTICE AND EQUITY FOR MEM-
BERS OF THE UNITED STATES
MERCHANT MARINE**

HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. FILNER. Mr. Speaker and colleagues, I rise today to correct an injustice that has been inflicted upon a group of World War II veterans, the World War II United States Merchant Mariners.

World War II Merchant Mariners suffered the highest casualty rate of any of the branches of service while they delivered

troops, tanks, food, airplanes, fuel and other needed supplies to every theater of the war.

Compared to the large number of men and women serving in World War II, the numbers of the Merchant Mariners were small, but their chance of dying during service was extremely high. Enemy forces sank over 800 ships between 1941 and 1944 alone.

Unfortunately, this group of brave men were denied their rights under the G.I. Bill of Rights that Congress enacted in 1945. All those who served in the Army, Navy, Marine Corps, Air Force or Coast Guard were recipients of benefits under the G.I. Bill. The United States Merchant Marine was not included.

The Merchant Marine became the forgotten service. For four decades, no effort was made to recognize the contribution made by this branch of the Armed Services. The fact that Merchant Seamen had borne arms during wartime in the defense of their country seemed not to matter.

No legislation to benefit merchant seamen was passed by Congress until 1988 when the Seaman Acts of 1988 finally granted them the a "watered down" G.I. Bill of Rights. Some portions of the G.I. Bill have never been made available to veterans of the Merchant Marine.

In addition, they still have not received proper recognition as veterans for Social Security purposes. If they had the "veteran" designation, their Social Security would be calculated as if they had earned \$160 more a month than they did earn during their time in service in the Merchant Marines. Of course, what this means is a smaller Social Security check, now that they are retired.

While it is impossible to make up for over 40 years of unpaid benefits, I propose a bill that will acknowledge the service of the veterans of the Merchant Marine and offer compensation for years and years of lost benefits. H.R. 23, the "Belated Thank You to the Merchant Mariners of World War II Act of 2004", will pay each eligible veteran a monthly benefit of \$1000, and that payment would also go to their surviving spouses. It will also give them the Social Security that they are due by providing them with the status of "veteran" under the Social Security Act.

The average age of Merchant Marine veterans is now 81. Many have outlived their savings. An increase in their Social Security and a monthly benefit to compensate for the loss of nearly a lifetime of ineligibility for the GI Bill would be of comfort and would provide some measure of security for veterans of the Merchant Marine.

I owe a debt of gratitude to Ian Allison of Santa Rosa, California and Henry Van Gemert of Palmetto, Florida who are Co-Chairs of the Just Compensation Committee of the U.S. Merchant Marine Combat Veterans, and to Ted Metula of Lemon Grove, California for bringing this issue to my attention.

I urge my colleagues to join me in supporting and cosponsoring this legislation. We can fix the injustices endured by our Nation's Merchant Marines by passing H.R. 23 as quickly as possible!

HONORING RAY STRONG ON HIS 100TH BIRTHDAY

HON. LOIS CAPPS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mrs. CAPPS. Mr. Speaker, today I rise to pay tribute to the artistic contributions of Ray Strong, on the occasion of his 100th Birthday.

Ray Strong has contributed to the Santa Barbara community not only through his art, but also through his passion and commitment to education and his dedication to the preservation of our environment. His generosity has touched many, including those young artists fortunate enough to paint with Ray as part of the Oak Group. Ray Strong has assisted in raising money for a number of environmental causes and has brought awareness to many conservation issues through his work.

In addition to exhibiting throughout the United States, Ray Strong's work is held in the permanent collection of the Smithsonian Institution. I am fortunate to have had some of Ray's pieces grace the walls of all three of my Congressional district offices. Locally, Ray has been honored by Santa Barbara Beautiful and is revered by many in this community for his generosity, spectacular talent and his passion for our physical environment.

Ray Strong's enthusiastic dedication to recording the landscape around us reminds me just how precious our natural surroundings are. His commitment to environmental causes and his contributions to the American realist tradition are commendable. Ray Strong is a talented artist, generous teacher and role model to many. I am privileged to know Ray and I continue to be awed by his many talents.

75TH ANNIVERSARY OF ST. FRANCIS XAVIER CATHOLIC CHURCH

HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 4, 2005

Mr. VISCLOSKY. Mr. Speaker, it is with great honor and enthusiasm that I congratulate St. Francis Xavier Catholic Church as they join together in the celebration of their 75th anniversary. The festivities will begin on Saturday, January 8, 2005. The parish community of St. Francis will also host a variety of activities throughout the entire year of 2005.

In 1882 there were two churches, Catholic and Methodist that existed in Lake Station, Indiana. The first Catholic Church was located at a Way Station on the Stage Line that operated between Michigan and Joliet. It stood on the identical spot which the present church now occupies. The Way Station was listed on railroad bulletins as Lake Station. The Michigan Central Railroad was built from Detroit to Chicago in 1852, and at this time the structure was not known as a parish church but as a chapel. This building was in existence before the railroad. The original bell from the structure was stored when the building was razed and is now still in use at the present church.

Father Francis Xavier Guerre was the pastor of St. Mary of the Lake in Miller, Indiana. He was persuaded to start a mission parish in East Gary. Father Guerre founded the mission parish of St. Francis Xavier in 1930, and Bishop John F. Noll dedicated the church in 1931. The name St. Francis Xavier was in honor of Father Guerre's patron saint. The parish continued as a mission until 1941, when Bishop appointed Father Francis Quinn as its resident pastor.
